Mekong Delta

This morning after breakfast we begin the day by exploring Ben Tre, one of the lesser-visited provinces in the **Mekong Delta**. We will cruise along the **Ham Luong River** visiting small factories that provide an insight into how the local economy works. Stops include a brickworks, where bricks are still painstakingly made by hand, a salt refinery, a coconut processing workshop where you can sample fresh coconut and see how every single part of this versatile nut is turned into food and other products, and a mat weaving house, where straw mats are woven using a hand loom – you can even have a go at weaving yourself!

We then stop at a peaceful village for a short walk to see more of local life in the community before travelling by xe loi (a design of cyclo used only in the Delta) through fruit orchards before stopping at a riverside restaurant for a delicious lunch. The lunch will feature local specialties such as elephant ear fish and river shrimp. After lunch, there will be time to explore the garden or wander along the riverbanks with your guide before taking a rowing boat along narrow canals back to the main boat.

We return to the pier in **Ben Tre** and transfer back to Ho Chi Minh City. This evening is at leisure and our escort will let us know their plans for dinner and you may join them if you wish.

Cu Chi Tunnels

This morning after breakfast we visit **Cu Chi Tunnels**. Synonymous with the Vietnam War and a testament to the determined spirit of the Vietnamese, the underground network of passages at Cu Chi is a fascinating trip out of the city.

We then continue on to visit **Reunification Palace**. Formerly named the Presidential Palace, this important city landmark was assured its place in history on 30th April 1975, when the first North Vietnamese tanks rumbled past, signalling the Fall of Saigon and ultimately the end of the Vietnam War. Across the street from the cathedral is the city's striking French colonial-era post office. The Museum of Vietnamese History is housed in yet another fine example of Sino-French architecture. Dating back to the 1920s, it contains an excellent series of exhibits dating from the Bronze Age to the Nguyen dynasty, the last ruling family of Vietnam.

The final stop today is the unforgettable **Jade Emperor Pagoda**. With the pungent smell of incense hanging heavy in the air and an interior packed full of ornate carvings and fierce-looking statues, this Taoist temple is one of the most atmospheric places of worship in the city. Lunch today will be at a local restaurant.

We can choose to be transferred back to the hotel after our visit or alternatively be dropped off at **Ben Thanh market** for personal exploration and a spot of souvenir hunting. Dinner is at leisure this evening.
